1	GROWTH - Invest in marketing and distribution capability to grow FUM within our Partners to achieve desired corporate revenue growth	1. No damage or loss greater than \$100,000 sustained through marketing and sales misadventures (e.g., misleading and deceptive conduct) 2. No less than 26%p.a. year-on-year revenue growth	SR001	Strategic	OC Funds accounts for the majority of the Copia Group's revenue. The loss or under performance of OC would have a material impact on profitability	Proportion of Copia revenue derived from non-OC Funds partners	Dependency on revenue from OC Funds exposes Copia to potential dramatic loss if that business were to leave to discontinue.	At least 30% of total revenues to be derived from non-OC Funds partners	Did the revenues derived from partner other than OC Partners meet or exceed 30% of total partner revenue?	CEO
			SR002	Strategic	Severe market downturn resulting in loss of profitability leading to going concern issues for the Copia business	Revenues derived from diversified portfolios	Domestic downturn may result in diminished management fees if solely dependant on Australian equities strategies.	At least 20% of revenue derived from portfolios other than Australian equity focused strategies.	Was at least 20% of revenues derived from asset portfolios that did not have an Australian equities strategy?	Chief Financial & Operational Officer
										CEO
			SR003	Strategic	Failure to execute Strategic Plan (e.g, achieve growth objectives).	Report on progress of strategic objectives	Failure to regularly report on strategic objective goals may result in the not achieving them	Strategic objective progress reports must be provided to the Board each Quarter	Did the Board receive a report showing progress in meeting each strategic objective?	Chief Financial & Operational Officer
										Executive Director
			SR004	Strategic	Regulatory industry changes that could impact on the Copia business if not monitored proactively and affect the business model and profitability	Regulatory environment report	If regulatory developments are not monitored and reported then the business may fail to react to significant regulatory change	Board reporting on regulatory matters	Did the Board receive a report on regulatory updates at least Quarterly?	Risk & Compliance Manager
			SR005	Strategic	1.Retail channel - significant changes to the industry landscape e.g., fragmentation, reduction in the number of advisers, increased regulation etc. that could affect Copia's business model and profitability. 2. Institutional channel - The consolidation, fee reduction and the internalisation of investment engagement services is moving opportunities even more to competitors and increased demand for passive investment products.	Revenue derived from marketing and distribution	Revenue contraction may result in Copia not achieving its growth objectives/ targets	Revenue generated from marketing and distribution activities must be at least 26% p.a. year-on-year growth	Did the revenues from marketing and distribution activity grow by at least 13% over the half year (in line with an annual growth target of 26%)?	CEO
										Chief Financial & Operational Officer
			SR006	Strategic	Failure to put emphasis on ESG issues which results lack of support for CIPLs investment managers.

2	PARTNERS - We will partner with a select group of distinctive investment managers who share Copia's values to form a complimentary stable of investment strategies that are compelling to clients	1. No damage or loss greater than \$100,000 sustained through poor performance (excluding market factors) or behaviour of an investment partner 2. Must maintain a minimum of 4 partners at all times and exceed total annual revenues of \$6.5M	SR007	Strategic	The Federal Government has indicated that the SIV regime may cease with the May 2023 budget.					
			SR008	Strategic	Fail to comply with SIV requirements for emerging companies resulting in material loss of investor funds from the OC Micro Cap.					
			OPR002	Operational - IT	Mutiple platforms used for the different Copia Partners. This could lead to operational inefficiency.	Plan for back office software automation	Possible losses due to human error in the back office.	Completion of back office software automation plan	Has a back office software automation plan been prepared and implemented (deadline 30 June 2021)?	Chief Financial & Operational Officer
			PRC001	Partner - Corporate	Perceived/actual preferential treatment regarding sales & marketing of one Partner over another leading to a fractured relationship between Copia and the Partner	Partner satisfaction	Potential loss of Partner	Partner satisfaction with Copia's sales and marketing activity.	Are the Partners satisfied with Copia's service delivery based on survey results?	CEO
									Was a Quarterly meeting conducted with each Partner?	Executive Director
			PRC002	Partner - Corporate	The Copia brand is not protected resulting in poor market reputation and difficulty in attracting new partners	Business plans	Lack of brand awareness may result in sales under performance	Fulfilment of Business Plans (including marketing and sales) for both Copia and its Partners and delivery on SLA	Have the Copia COO and the Head of Investments for each Partner approved their individual annual Business Plan?	CEO
									Have the activities within the Copia and Partners' Business Plans been monitored and completed as planned?	Executive Director
			PRC003	Partner - Corporate	Poor Partner fund performance or misconduct leading to loss of clients	Compliance reporting	Failure to meet contractual or regulatory requirements may result in FUM loss and regulatory action	No ASIC reportable breaches to originate from Partners' conduct	Were any ASIC reportable breaches identified that originated from the conduct of a Partner?	Risk & Compliance Manager
						Partner revenue	Insufficient revenue may cause staff to leave the business due to future uncertainty	At least \$1M in revenue p.a. per Partner	Did each Partner generate \$0.5M in revenue (Actual) for the half year [in line with the tolerance of minimum \$1M revenue p.a. for each Partner]	CEO Chief Financial & Operational Officer

Item Number	Strategic Objective	Risk Appetite	Risk Number	Risk Category	Risk Description	Risk Tolerance Measure	Risk Tolerance Consequence	Risk Tolerance	Question	Responsible Officer
						Independent investment rating of Partners' products [e.g., Zenith, Lonsec and MorningStar]	Lack of a "recommended" investment rating will impair the ability to generate sales.	All products offered by each Partner must be rated "recommended" by an independent ratings agency within three years.	Were all the products offered by each Partner rated "recommended" by an independent ratings agency?	Executive Director
			PRC004	Partner - Corporate	Loss of a key investment personnel, resulting in exodus of investment funds	Retention of key persons in Partners (investment managers)	Loss of a key person may cause the Partner (investment manager) to lose clients and to potentially fail as a business	All key persons in Partners are identified and steps have been taken to secure their employment	Have all key persons in the Partners been identified?	Executive Director
									Have all reasonable actions been taken to secure the key persons within our Partners?	Executive Director
			PRI004	Partner - Investments	Poor workflow practices (e.g., staff or systems) results in operational loss.	Loss or damage resulting from poor internal procedures	Reputation or un-insurable loss (below deductible limit)	No loss or damage greater than \$10,000 p.a.	Did an investment portfolio experience a loss or damage of \$5,000 or more over the Quarter resulting from the direct failure of an internal process or human error (i.e., \$10,000 per annum)?	Head of Investments - OC
										Executive Director
										Vertium Chief Investment Officer
										Portfolio Manager - Chester - RT
			PRI005	Partner - Investments	Investment parameters are breached/poorly managed	Client Mandate rules	Failure to honour a mandate may result in client loss	No mandate rules breached without permission of the client	Were any mandate rules breached that a client did not approve (either directly or within contracted tolerance limits)?	Head of Investments - OC
										Executive Director
										Vertium Chief Investment Officer
			PRI006	Partner - Investments	Conflicts of interests not managed (i.e., investment staff placing their own interests above Copia's/ investors' - such as front running investments)	Personal dealing approvals	Regulatory action and/ or loss	All personal dealing recorded in accordance with the Personal Dealing Policy	Have any breaches been identified with a Partners' personal dealing activities?	Portfolio Manager - Chester - RT
										Chief Financial & Operational Officer
										Risk and Compliance Consultant

Item Number	Strategic Objective	Risk Appetite	Risk Number	Risk Category	Risk Description	Risk Tolerance Measure	Risk Tolerance Consequence	Risk Tolerance	Question	Responsible Officer
			PRI007	Partner - Investments	Insufficient portfolio liquidity to honour contractual obligations (e.g. unit redemption's, purchasing securities).	Trust redemptions and portfolio withdrawals	Inability to meet redemption requests or portfolio withdrawals may result in FUM loss	All redemption requests and portfolio withdrawals satisfied within the time periods set out in PDSs or IMAs.	Were all redemption requests and portfolio withdrawals satisfied within the time periods set out in PDSs or IMAs?	Investment Operations Manager
			PRI008	Partner - Investments	Invest in unlisted assets which fall in value or don't support fund liquidity					
3	GOVERNANCE - We enhance our governance capabilities to meet and exceed community expectations of a professional financial services business	No regulatory breaches or failures that may jeopardise Copia's ability to operate its financial services business at optimal level.	FR001	Financial	Cash flows and/or assets are not adequate to meet financial obligations under the AFSL.	AFSL financial conditions	Possible reportable breach to ASIC	AFSL financial conditions satisfied at all times.	Did Copia satisfy its AFSL financial conditions at all times?	Chief Financial & Operational Officer
			FRR002	Fraud	The risk of unexpected financial or reputation loss as the result of fraudulent action of persons external to Copia	Fraud by external party(ies)	Reputation damage and insurance consequences.	No losses due to external fraud	Did Copia (including its funds and investment portfolios) experience a loss due to fraud?	Chief Financial & Operational Officer
			OR001	Operational - external events	Key Copia outsourced providers do not meet the SLA's resulting in poor business operational efficiency.	Service level standards for outsourcing contracts	If material outsourced service providers fail then the business may be exposed to material losses and/or regulatory actions.	95% of SLAs requirements are met by key outsourced service providers at all times.	Did NAB meet at least 95% of its SLA requirements over the Quarter (please attach Quarterly SLA completion report)?	Investment Operations Manager
									Did OneVue meet at least 95% of its SLA requirements over the month (please attach report to confirm)?	Investment Operations Manager
			OR003	Operational - internal processes	Related party transactions not authorised and disclosed as by law (e.g., accounting standards)	All related party transactions	Failure to ensure related party transactions are undertaken in compliance with the law may expose Copia to losses and regulatory actions.	No unauthorised related party transactions.	Were any unauthorised related party transactions identified over the period?	Chief Financial & Operational Officer
			OR005	Operational - internal processes	Operational controls due-diligence report (e.g. GS007) not available thereby limiting Copia in attracting new Partners and or not meeting the due diligence requirements of current platform and institutional providers for the Copia Funds	Loss of business opportunity by a Partner	May jeopardise a Partner's ability to growth their revenues.	No Partner losses a new business opportunity because the are unable to provide a GS007 report	Have any of our Partners been unable to secure new business because they don't have a GS007 report?	Executive Director
						Partner controls assessment	Poor controls in a Partner may expose Copia to loss and potential regulatory action.	Plan for assessing controls within each Partner	Has a plan been documented for assessing controls within each Partner? [e.g., GS007 report, SSAE SOC1 or alternative controls assessment]	Executive Director
										Risk & Compliance Manager

Item Number	Strategic Objective	Risk Appetite	Risk Number	Risk Category	Risk Description	Risk Tolerance Measure	Risk Tolerance Consequence	Risk Tolerance	Question	Responsible Officer
			RR001	Regulatory	1. Robust governance, risk & compliance (GRC) management framework/ processes not in place resulting in breach of AFSL obligations. 2. Ineffective board governance.	Number of breaches and incidents	1. May jeopardise Copia's AFSL 2. Impact our reputation. 3. Management distraction 4. Cost and effort in dealing with regulator	1. No breaches requiring total compensation to investors exceeding \$50,000 2. No more than 2 significant breach reports to ASIC/OAIC per annum 3. No incidents resulting in insurance claims	1. Has total compensation provided to investors exceeding \$50,000 been paid over the past 12 months.	Chief Financial & Operational Officer
									2. Have 2 or more significant breaches been reported to any of ASIC/OAIC over the past 12 months?	Risk & Compliance Manager
									3. Have any incidents resulting in insurance claims occurred over the last Quarter?	Compliance & Risk Officer
			RR002	Regulatory	AML/CTF Program (Program) not implemented effectively leading to breach of the AML/CTF laws	1. AML/CTF reports provided to the Board each Quarter 2. Testing undertaken by Operations and Compliance teams (suspicious activities, high risk investor/PEP monitoring, transaction monitoring etc.)	AUSTRAC may fine Copia for failures to identify investors and to report suspicious transactions.	1. Reports must be provided to each scheduled Board meeting 2. All tests must be completed on time 3. Timely action taken on all identified exceptions (e.g., SMR reports lodged within statutory timeframes, KYC completed)	1. Were all AML/CTF reports provided to the Board at its scheduled meetings?	Chief Financial & Operational Officer
									2. Were all AML/CTF tests required of the Operations and Compliance teams fully completed on time (e.g., suspicious activities, high risk investor/PEP monitoring, transaction monitoring)?	Risk & Compliance Manager
									3. If AML/CTF exceptions were noted by the Operations team, were they addressed and actioned in a timely manner (e.g., SMR reports lodged within statutory timeframes, KYC completed)?	Risk & Compliance Manager
4	PEOPLE - we will invest in our people and culture to ensure we are competent and provide a safe working environment	We will not regress our capability whilst enhancing our peoples' skills sets.	FRR001	Fraud	Intentional wilful acts (misappropriation of funds, circumvent regulation, law etc.) undertaken by Copia staff resulting in loss (including reputation) to the business	Fraud by Copia staff	Pontential reputation damage and un-insurable losses	No fraud by staff	Did any staff commit a fraud?	CEO
										Executive Director
										Chief Financial & Operational Officer

Item Number	Strategic Objective	Risk Appetite	Risk Number	Risk Category	Risk Description	Risk Tolerance Measure	Risk Tolerance Consequence	Risk Tolerance	Question	Responsible Officer
5	SYSTEMS - we will invest in our business systems and processes to enable an efficient, secure and robust platform to support business growth	1. No external compromises of our IT systems, including no cryptolocker attacks or theft of electronic data. 2. No business system outage greater than as allowed in our DRP.	OPR003	Operational - people	People management processes poorly documented/implemented leading to staff frustration and poor quality work.	Annual staff survey	If staff are unhappy then Copia will have high staff turnover	Staff job satisfaction must equal or improve on prior Copia's survey results.	Did staff satisfaction improve on or equal the results from the prior Copia survey?	Chief Financial & Operational Officer
			OPR004	Operational - people	1. Staff turnover high leading to business disruption, disengaged staff and poor quality work 2. Proper recruitment processes not in place leading to hiring staff with incorrect skills or not retaining talent	Staff turnover	High staff turnover will result in loss of corporate memory and higher costs due to recruitment and training	No more than 20% staff turnover per financial year.	Did more than 10% of the total employee base leave Copia voluntarily over the past 6 months (or 20% per annum)?	Chief Financial & Operational Officer
			OPR005	Operational - people	Do not provide adequate training and development to staff leading to poor quality work	Completion of CPD requirements	Failure to of staff to complete their CPD requirements may result in degradation of work output.	All staff must complete their CPD requirement per the Training Policy	Did all staff complete their CPD requirement for the half year?	Risk & Compliance Manager
			OPR010	Operational - people	Lack resources in Distribution resulting in poor product sales and increase staff turnover risk					
			FRR003	Cybersecurity	The risk of a cyber-attack or data breach occurring resulting in material financial loss or breach of privacy	IT systems hacked	Client and corporate data stolen, putting Copia's reputation at risk and potential financial losses	No unauthorised system logons and data loss	Did any unauthorised person access Copia's information technology systems?	Information Technology Manager
									Was an independent penetration test conducted at least every 18 months?	Investment Operations Manager
			OPR006	Operational - internal processes	Policies/procedures not followed or regularly updated leading to failed business controls	Losses due to human error within Copia	Copia will have to compensate for losses below the insurance deductible of \$100,000 (need to confirm deductible limit)	Will not tolerate losses attributable to human error by staff within Copia greater than \$10,000 for either Copia or a Fund.	Did Copia or a portfolio experience a loss of \$10,000 (year to date) or more due to Copia staff human error?	Chief Financial & Operational Officer
			OPR007	Operational - internal processes	Poor workflow practices (e.g., staff or systems) resulting in operational loss/insufficiency.	External audit findings/ management letter.	Failure to implement audit findings may result in losses or operational inefficiencies.	All external audit findings/management letter recommendations are addressed by agreed deadlines.	Were all external audit findings and management letter recommendations addressed within agreed timeframes?	Chief Financial & Operational Officer Risk & Compliance Manager
			OPR008	Operational - internal processes	Poor document storage and recovery results in not fulfilling or demonstrating satisfaction of contractual or statutory obligations	Contracts and deeds stored in a secure electronic format	Inability to fulfil contractual obligations (e.g., cannot find or understand contractual duties)	All contracts and deeds scanned and stored in a secure, electronic, format.	Were all deeds and contracts scanned and stored in electronic format?	Chief Financial & Operational Officer

Item Number	Strategic Objective	Risk Appetite	Risk Number	Risk Category	Risk Description	Risk Tolerance Measure	Risk Tolerance Consequence	Risk Tolerance	Question	Responsible Officer
										Risk & Compliance Manager
			OR002	Operational - IT	IT Consultant is a sole operator and may be perceived to be a corporate weakness	IT provider backup support	If the IT provider becomes indisposed and he doesn't have an adequate backup person, then Copia's IT systems may be compromised.	IT provider to ensure that he has a backup person available at all times.	Did Copia experience an inability to obtain IT support from the IT provider?	Chief Financial & Operational Officer
			OR004	Operational - IT	Business interruptions occurring affecting operational efficiency and service to clients	Work outages due to business interruption	Unable to deliver to services expected by our investors.	No outage greater than 1 business day	Did Copia experience a business outage greater than 1 business day?	Chief Financial & Operational Officer
